Resignation of Pastor—Resolutions Adopted.

Rev. M. F. Sanford closes his long and successful pastorate with Zion and Parksley Baptist Churches on the last Sunday in April. He resigns this charge on the Eastern Shore to accept the pastorate of the Baptist Church at Stuart, Patrick county, Va. He will go to this field as a missionary under the State Board. This is a missionary field in the highest sense of the word. Mr. Sanford will be pastor of the only Baptist Church in the county and from this centre will have charge of the missionary enterprise of the State Mission Board in the county. In making this change of pastorate Mr. Sanford is influenced entirely by his conviction of duty, which is evidenced by the fact that he leaves a field which he might retain at will, and accept a charge with largely increased labors at a remuneration much less than he now receives.

During his stay on the Eastern Shore Mr. Sanford has won the confidence and respect of the entire community, and while we regret that duty calls him elsewhere his host of friends bid him Godspeed with best wishes for even a larger measure of success on his new field of labor. Appended are the resolutions passed by Zion Church upon the occasion of its acceptance of the resignation of Mr. Sanford.

Preamble and resolutions of Zion Baptist Church, Accomac county, Virginia:

By the first of May Brother M. F. Sanford will have been pastor of Zion 7 years and 7 months. His has been the longest and in many respects the most successful pastorate in the history of our church. Our church now has the largest membership, raises more money for running expenses and gives more than twice as much to missions than ever before.

The church was never more united and harmonious than now. Through all the years of his pastorate it has made steady and rapid progress along all lines of church work. Our pastor has never been more strongly entrenched in the hearts of the people of the church and congregation than he is today. We shall never cease to thank God for the life he has lived and the work he has done among us.

While the circumstances under which he leaves us are such that we cannot doubt that he believes that he is guided by the spirit of the Master, yet we sincerely regret to part with a pastor who has been so faithful in the performance of every duty, who has rejoiced with us in the baptism of so many of our friends and loved ones, and wept tears of genuine sympathy in the burial of our dead. Therefore be it resolved,

1st. That we place on record our recognition of his rare ability, of his strong yet gentle faith, of his deep spirituality and high Christian character and of his earnest and consecrated devotion to the Master's cause.

2nd. That we assure Brother Sanford of our sincere love and prayers for him and his family, that God may abundantly bless him in his new field of labor.

3rd. That these resolutions be spread upon our church records; that a copy be presented to our retiring pastor; to the Baptist Church of Stuart, Patrick county, Va., and also to the "Peninsula Enterprise," and the Religious Herald for publication.

Ice-Cream Factory Burned.

Fire broke out about 2 o'clock Wednesday afternoon at W. S. Richardson's ice-cream factory, located on his farm near Marion, seven miles from Crisfield, on the New York, Philadelphia and Norfolk railroad, and destroyed the factory, stables, barn, leehouse, with 100 tons of ice, and all other outbuildings. Everything except the dwelling and store was burned, and these were only saved by hard work by a bucket brigade. It is impossible to estimate the loss, but it will probably be several thousands of dollars.—Baltimore Sun.

First Congressional District.

Mr. Editor:—We notice that some of our Eastern Shore papers with singular shortsightedness, and seemingly with wonderful indifference to our future welfare and political associations, strongly endorse the rearrangement of the Congressional Districts as proposed by State Senator Barksdale, which puts the two Eastern Shore counties in the Second District along with Norfolk, Portsmouth, Newport News, &c. Not being on the "inside," and consequently not being aware of the "true inwardness" of this proposed change, we must confess that we are utterly at a loss for any good reason that would justify such a proposition. Is it that our people are tired of generous, high-minded, upright political associates, and pure and clean politics, and that they are longing to wallow in the filth and fraud of the Second District that this change is endorsed by them? Are the people here weary of the monotony of fair and honest primaries and elections, and are they eager for the contentions and strife that fraud and vile political methods engender that this change is advocated? The stench of the corruption of the political parties in the Second District arises and spreads over all the land, and is a standing and burning disgrace to that section of our State. When they have no party foes to fight and defraud—they usually fight and cheat each other—and this in spite of the strenuous efforts of the honest and respectable element of the people there. What possible inducement, Mr. Editor, is there existing that we should desire to renounce honor and honesty in politics, clean associates and to cast our fortunes with the ringsters and tricksters of Norfolk, and vicinity? As a part of that District, and in competition with such adepts in fraud, what could we expect to gain in a division of offices or other honors unless we adopted their own methods? Even then, long practice would ensure them victory over us every time. The democratic party will probably even adopt the policy of making nominations for nearly all offices by primary elections and this being true what show would an Eastern Shore candidate have in a contest with one in, or around Norfolk in view of the methods usually practiced over there in conducting primaries? It may be possible that Senator Barksdale did not originate this scheme. It may be that someone suggested this change to him. He had no personal ends to serve we are sure in advocating it. It may be that some aspiring individual, stirred to action by the buzzing of the congressional bee around in his ears, suggested the change in order to get rid of some apparently immovable barrier that stands—as they may imagine—the only obstacle in the way of their ambitious designs. It may be that there is this sort of an axe to grind, and that part of our local press has been by some means induced to hold the axe, with the expectation that the people would do the turning. In this, they may be mistaken. It may be that the people here do not wish this barrier removed; do not wish just at this time to part with the services of their present able representative or to sever the happy relations that have bound them to him, and to the old district for so many years; do not wish to be mixed for years and years to come with such a heterogeneous mass as Norfolk politics usually represent, even to promote the designs of some ambitious individual or embryo congressman that may live among us. In any event, Mr. Editor, would it not be right, would it not be well, to first consult the people, and to hear from them regarding this proposition, before the deal shall have been consummated? Is there a man among us, who from ambition for office, would assume to say to the people of Accomac and Northampton, "come hither" or "go hence" without first consulting them as to their wishes in the matter? Hardly.

In Memoriam.

In memory of Mammie J. Somers, wife of Arnold J. Somers, and daughter of John W. and Mary A. Gorton, who died March 11, 1902, aged 21 years, 2 months and 26 days.

Farewell, dear Mammie, thou hast left us,  
In this sinful land below,  
It is the Lord that has bereft us,  
He does all our sorrows know.  
Peaceful be thy silent slumber,  
Peaceful in thy grave so low.  
Thou no more will join our number,  
'Tis thou no more, our songs will know.

Yet again we hope to meet thee,  
When the days of life are dead,  
And in heaven with joy to greet thee,  
Where no farewell tears are shed.

Our home is sad without you Mammie,  
We miss thee every where,  
But God, who called you to his home,  
Will guide us safely there.
